

EXT RESCUE™ BARRIER 4014

The best extrication glove on the market just got better. Meet the EXT Rescue™ 4014 – it combines comfort, dexterity, and protection of our other EXT Rescue™ gloves, with our proprietary H2X™ waterproof/pathogen liner. **The H2X™ barrier meets OSHA Bloodborne Pathogens Standards and satisfies ASTM F1670/F1671 criteria for fluid-borne viral resistance.** And, unlike other gloves, the liner is sewn-in, so it won't pull out when you remove your gloves. You still get the high-grip TP-X® palm material, ISEA Level 5 cut resistance on the palm, and a back-of-hand impact protection system that keeps you safe from smash and pinch injuries. With so many lives depending on you, make sure your hands are in dependable gloves.

HexArmor  ELITE® WITH SuperFabric.

EXT RESCUE™ BARRIER 4014

The EXT Rescue™ 4014 combines protection with our proprietary H2X™ waterproof/pathogen liner. The H2X™ barrier meets OSHA Bloodborne Pathogens Standards and satisfies ASTM F1670/F1671 criteria for fluid-borne viral resistance. Unlike other gloves, the liner is sewn-in and won't pull out when you remove them.

FEATURES:

- SuperFabric® brand material palm provides ISEA Level 5 cut resistance and maintains the highest level of protection available in the industry (interior layer)
- Waterproof H2X™ barrier (interior liner) meets ASTM F1670/F1671 for bloodborne pathogen resistance and fluid-borne viral resistance
- Durable TP-X® palm and fingertip reinforcement utilizes the highest-level of abrasion resistance while maintaining an oil-resistant grip (exterior layer)
- Superior back-of-hand impact protection system utilizes an advanced design to dissipate forceful blows over a large area
- Exterior and interior seams implement a double stitched core-spun thread, adding further durability and longevity
- Reinforced index finger and thumb saddle extends glove life
- SlipFit® with Velcro® closure
- Hi-Vis color scheme increases visual awareness
- Machine washable
